NEW STUDENT ORIENTATION

Welcome to Brown University

Every part of our campus community—the faculty, staff, and a legion of students including the Orientation Welcoming Committee (OWC)—is looking forward to greeting you and assisting you. Orientation provides a unique opportunity for you to learn about Brown’s extraordinary academic and cocurricular opportunities while meeting fellow members of the Class of 2025 and new transfer and Resumed Undergraduate Education (RUE) students.

Orientation is planned with three primary goals in mind:

To introduce you to Brown’s expectations about how to live and learn in your new community. A series of mandatory meetings will introduce you to the Principles of the Brown University Community, which define the context for all of our interactions, both academic and cocurricular.

To help you learn about the nature of liberal education at Brown. You will participate in various meetings and seminars designed to help you understand your role in crafting your education and building advising partnerships.

To assist you in connecting with the community of your peers and the larger campus and local communities, including the various offices, clubs and centers that are here to expand your co-curricular horizons. To this end, you are invited to a host of open houses, forums and the Activities Fair, as well as a broad range of social activities.

During Orientation, look for students in Orientation Welcoming Committee T-shirts. These students are here to help you in your first few days on campus. They are joined by a host of other student leaders, Meiklejohn peer advisors, Residential Peer Leaders (RPLs) and many other returning students. All will be happy to guide you and answer your questions. If we don’t know the answer, we will refer you to someone who does.

We wish you all the best, and look forward to meeting you in the coming days.

Sincerely,

The New Brunonian Team 2021

NEW STUDENT ORIENTATION

Before You Begin...

The Principles of the Brown University Community declares:

“Brown accepts and encourages individuality while also affirming the community dimensions of college life...The Brown community therefore depends on individual self-discipline and mutual respect to further the well-being of all its members.”

Individual integrity and self-respect, respect for the rights and concerns of others, respect for property and respect for the integrity of the academic process are the fundamental tenets of Brown. The mandatory events that take place during Orientation, under the umbrella “Foundations and Values,” will cover these principles in greater detail, which are vital to the health of the Brown community. In addition, there are a number of other mandatory events, such as meeting with your academic advisor, that will help you navigate your first days at Brown.
